Attestation

Hewlett-Packard Company hereby declares that HSTNH-I14C-N cannot be used for simultaneous operation of WLAN and WWAN transmitters by software control. The software of the device will prohibit the co-transmission of both WLAN and WWAN. When the device is in WLAN mode and then receives the WWAN phone call, the software of this device will shut down the WLAN transmission immediately. When the device is in the phone mode and users would like to use WLAN function, the software will block the WLAN use.

If you have any comments or questions, please feel free to contact me.

Sincerely,

Walter Overcash
