Professional Installation Attestation

Date: March 15, 2007

To whom it may concern:

The RSVLC-0301B is targeted at the **Industrial User** and is not marketed to the **General Consumer User**.

As part of a professional installation, the installer will be provided with the necessary documentation to ensure the correct setup. The documentation includes a cross reference of the available antennas with the appropriate Transmit Power Control level required to ensure compliance with the country of operation.

This authorization is limited to the following products :
ProCurve Wireless Access Point 420 NA, J8130B; Model No: RSVLC-0301B

If you have any questions regarding the authorization, please don't hesitate to contact us. Thank you!

Sincerely yours,

Kenneth Klingler / Senior Regulatory Engineer
Hewlett-Packard Company
