Subject: Requesting Class II permissive change for FCC ID: B94RSVLC-0501

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for FCC ID: B94RSVLC-0501. The change consists of disabling the channels in 5260-5320 MHz band in the factory. The end user cannot re-activate these channels. This is a software change only. There were no changes made to the hardware to disable operation on these bands. No other changes to the product have been made.

Sincerely,

Kenneth Klingler, Sr. Regulatory Engineer
Hewlett-Packard Company
April 30, 2007
