Elliott Labs TCB would like to request that the test report uploaded for this application be superseded.

The file to be superseded is called "tst report"

I have uploaded a revised test report already. Referred to as "REVISED TST REPORT"

The reason for this superseded request is that there was an inconsistency found within the original report regarding transmit power.

Please contact [doc@elliottlabs.com](mailto:doc@elliottlabs.com) if you have any questions or concerns.

Best Regards,

A handwritten signature in black ink, appearing to read "David Waitt", with a stylized flourish at the end.
