Acknowledgement of IC Listing Requirements

By signing this document, we acknowledge that any information specified on the ATCB **Application and Agreement Form for Industry Canada Certification Services** provided with this application may be provided to Industry Canada. We acknowledge that this information may be posted in the Radio Equipment List (REL) on the Department's Web Site. Additionally, we understand that we must inform ATCB of any changes to the information submitted.

We further acknowledge that the Certified product shall not be distributed, leased, or offered for sale in Canada prior to its listing on the Industry Canada Radio Equipment List (REL). We are aware that we may verify the status of this listing at the following web address:

Attn: Director of Certification

Authority to Act as Agent

I appoint Valdis V. Liepa, University of Michigan to act as our agent in the preparation of this application for equipment certification. I certify that submitted documents properly describe the device or system for which equipment certification is sought. I also certify that each unit manufactured, imported or marketed, as defined in Industry Canada's regulations will have affixed to it a label identical to that submitted for approval with this application.

For instances where our authorized agent signs the application for certification on our behalf, I acknowledge that all responsibility for complying with the terms and conditions for Certification, as specified by American TCB, still resides with FUJITSU TEN LIMITED. 2-28, Goshō-dori 1-chome, Hyogo-ku, Kobe 652-8510, Japan

Dated this Wednesday of July 21, 2004.

Agency Agreement Expiration Date: (Typically 8-12 months)

REQUEST FOR CONFIDENTIALITY

Pursuant to 47 CRF 0.459, FUJITSU TEN LIMITED requests that a part of the subject application be held confidential. This comprises Exhibits

- (4) Block Diagram and Equipment Specification
- (5) Schematics
- (9) Internal Photos
Note: DUT is epoxy sealed and removal of outer radome is not practical for the user, damage of device will occur.
- (10) Parts List & Parts Placement
- (12) Description of Operation

FUJITSU TEN LIMITED has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

If there are any questions regarding this request, please contact me at the above address or call 734-483-4211, fax 734-647-2106 or e-mail liepa@umich.edu.

Sincerely,

A handwritten signature in black ink, appearing to read "Valdis V. Liepa".
