Subject: Questions Regarding FCC ID: BEJBL42K

To: Ms. Sun-Hee Kim / HCT
From: Mr. Gregory Czumak / PCTEST TCB

RE: FCC ID: BEJBL42K

Applicant: LG Electronics Inc.

Correspondence Reference Number: BEJ91047
Confirmation Number: 909021047-9
Date of Original Email: September 8, 2009

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. The licensed transmitter block diagram only shows the 32.768 kHz clock- is this all there is?

==> Please find the attachment. <BL42k_Block diagram_Rev.1>

2. Please submit a block diagram for the BT transmitter that shows a more detailed RF section than that which was submitted.

==> Please find the attachment. <BL42k_BT Block diagram_Rev.1>

3. All of the test reports refer to the EUT as a "PCS GSM/WCDMA/EDGE Phone". This is misleading, since the EUT employs cellular band WCDMA. Please revise the EUT description in the test reports and documentation.

==> Please find the revised test reports (Part 22/24, SAR, 15(C), 15(B).

4. The PCS body z-axis plot (p. 58) does not appear to correspond to the measured value. Please revise.

==> Please find the revised SAR report on page 58. <BL42k_SAR Report_Rev.1>

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
Senior Certification Engineer
Quality Manager
