Importance: High

Hello PCTEST TCB,
Thank you for your e-mail.
The EUT only supports GPRS class 10.
Please send me the grants asap.
Thank you!

Best regards
Han.

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. The operational description lists Class 1w GPRS capability, however, tests were only performed up to Class 10. Please confirm that the EUT does not

implement 3 or 4 slot transmission modes.

2. FYI: the Part 15B test report does not list the minimum number of radiated emission measurements specified in ANSI C63.4. In the future, please be sure that it does. If there are not any other measureable emissions, or if they are all more than 20 dB below the limit (see Section 15.31(o)), then the test report should state this.

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
