Dear Steve,

We re-measure the GSM850 Body SAR.
We hope we can get the Grant within this week without the confirmation request process.
Please find the revised report and should you have further questions, please let me know.
Thank you for your support.

Best Regards,
SunHee Kim

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Regarding your response to #2, we could not locate your updated SAR Report. Please send it to us again.

==> [We revised SAR Report on Page 27/97.](#)

2. Regarding your response to #3, even though the test system found the 1 gram SAR, because the area scan dropped in the scan, the 1 gram SAR would not be in the same position if the area scan were whole. Also with a drop, the interpolation will not interpolate correctly to locate the maximum point for the zoom scan region. Please re-measure this configuration and update the SAR value.

==> We re-measured the GSM850 Body SAR.

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,
Steve Liu
