Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Page 5 of the operational description and page 1 of the schematic diagrams refer to UMTS 1900 transmit capability. Please confirm that this capability is not implemented in the EUT.

→ I confirm the UMTS 1900 transmit capability is not implemented in the EUT.

2. There is an ambiguous distance of 82 mm provided in the antenna location document. Please provide more detail as to how this distance is measured or remove if not pertinent to the document.

→ Please find the attachment.

3. The schematic diagram title block has no title or EUT model number provided. Please revise.

→ Please find the attachment.

4. The SAR test report, plots and data sheets do not have a page number in the page footer. Please revise.

→ Please find the attachment.

5. Based upon the GSM EDGE conducted power levels in Table 14.2 of the SAR test report, EDGE SAR data for Cellular transmit slots 3 and 4 are required. Please provide this data.

→ Please find the attachment.(Page 81 ~ 88)

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Mark Czumak
