RE: FCC ID: BEJKE600_ATCB003488
Attention: Jay Kim

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please provide the operational description for the device.
2. Please note that this device has a USB data connection for PCs (see page 53 of the manual). As such the device must either have the FCC DoC logo or it must be certified to Part 15B. As the application does not appear to be for a certification to part 15B then please provide a label showing the proper DoC logo for the part 15B computer peripheral portion. If the application is intended to certify the part 15B also, please provide an updated 731 form and the appropriate part 15B test report.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
