

# MAIN LABEL – Renault B-AVN

PV Label\_1st

- Model : Renault B-AVN\_ULC4.0
- 출시국가 : TBD, LGEVH양산
- Label Size : 80 X 66 mm
- Label Material : SW7325 0.07t/S2420/BG40

## 1. Main Label : Product Information (Same as ULC 3.0 Fomat)

**2. Sub Label : Regulation mark, Certification No.**

**\* This marking should be printed after Regulation & Certification approval. (Generally before MP event)**

|                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |
