RE: FCC ID: BEJMG180_ATCB003350
Attention: Jay Kim

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that confidentiality requests need to be signed by some on the 731 form. The current confidentiality requests are signed by a Mr E.S Park. Under what authority does Mr Park have to sign request for actions on this application? Please note that while this has not been requested in previous applications, the FCC has taken a recent stand that requests must be signed by authorized persons on the 731 form or by someone who has evidence of authority.
2. FYI – no action needed at this time. In future applications, please provide an authorization letter for Estech as agent.
3. FYI – no action needed at this time. Please note that the results column (deviation) for frequency stability does not have units assigned. It is not therefore known what this column represents (i.e. %, ppm, Hz, etc). It is only assumed that the column is in Hz. Please provide the units for all measurement results.
- 4.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
