Application Examiner / Reviewing Engineer
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

To Whom It May Concern,

Class II permissive change

We, LG Electronics USA, Inc., hereby request a Class II Permissive Change for the authorized product (FCC ID: BEJP5NW-WEH37). A Domain Proxy for SAS communication has been added to the DU, which is a peripheral device.

There are no changes to the main product or its hardware and software.
(Original Grant date: 01/23/2025)

If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'HjaeCho'.
