Columbia, MD 21045

SUBJECT: LG Electronics USA
FCC ID: BEJP999DW

To whom it may concern:

We, LG Electronics USA, confirm that the purpose of the power reduction for Mobile hotspot is to meet LG internal SAR limit.

When Mobile hotspot mode is activated, power reduction is applied until Mobile hotspot is deactivated by the user with no exception.

Should you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'J.C.' with a stylized flourish underneath.

Jae Cheon(J.C.) Lee
General Manager
LG Electronics USA
