Subject: Submitting Class II Permissive Change for Cellular Telephone Transceiver

FCC ID: BGBMT253XFOR6A

Gentlemen:

We wish to file Class II Permissive Change in accordance with 47CFR2.1001(b)(2) for the subject cellular telephone transceiver.

This change is being applied because of deletion and addition of components in the synthesizer circuit. The reason for these changes is the lower cost of these particular parts. These parts were chosen so we can meet the original MT253 specifications. No RF characteristics or specifications have changed. Please refer to the attached appendixes.

If you have any questions, please contact the undersigned at:

Tel.: 847-963-9401 (Ext. 23)
Fax: 847-963-9406
E-mail: jvollmer@bigscreen.mea.com

Thank you for your attention to this matter.

Very truly yours,

J. Vollmer
