

4/1/2025

Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

To whom it may concern:

Meteorcomm LLC, hereby requests a Permissive Change Class II of the radio equipment certification for the Wayside Packet Data Radio certification number, FCC ID: BIB65010A, This product differs from the originally approved product in the following manner:

- (a) Associated digital circuitry. – No change in the RF Circuit or Chassis.
- (b) Functional capabilities. – Two modulations have been added
- (c) Antenna Characteristics. – No Change.
- (d) Cosmetic differences – No Change.
- (e) This is a Software Only update, no hardware has changed.

I do attest that the Field strength and/or RF Output readings remained the same or are lower than the originally approved product and that they did not increase therefore qualifying this product for this application type.

Sincerely,

*Gwenna Wootress*
