Product Similarity Declaration

To Whom It May Concern,

We, Honeywell International Inc., hereby declare that our IdentIPoint, Model Numbers, BTBAS/U and BTSTD/U are electrically identical. The 2 models are identical in firmware and hardware, with the only difference being the LCD and keypad removed from the BTBAS/U to enable the BTBAS/U to meet the requirements of the IP65 class of water and dust resistant evaluations.

We choose BTSTD/U to be tested by BACL.

Please contact me if you have any question.
