Short Term	Permanent*	User's Manual
*Note:		100 TO 10
	_	
its kind in industry. Having	the subject information ea	antial effort in developing this product and it is one of the first of asily available to "competition" would negate the advantage they ting the details of the design will result in financial hardship.
Permanent Confidentiality	r:	
The applicant requests the e	xhibits listed above as per	manently confidential be permanently withheld from public proprietary information not customarily released to the public.
Shout Town Confidentialit		
Short-Term Confidentialit		short term confidential be withheld from public view for a
		80) <sup>3</sup> days from the date of the Grant of Equipment
		d premature release of sensitive information prior to marketing
		lso aware that they are responsible to notify ACB in the event
		ade available to the public. ACB will then release the
		t to FCC Public Notice DA 04-1705.
NOTE for Industry Canad		
		distinguishes between Short Term and Permanent
Confidentiality, either type of	of marked exhibit above v	vill simply be marked completential when submitted to IC.
Sincerely,	PIL	PHILIPS

<sup>2</sup> - The asterisked items (\*) require further justification before permanent confidentiality will be allowed. These also currently require review by the FCC under their Permit-But-Ask policy before the grant is issued and can delay completion of an application. Further justification should be added to the note above. One such example for a potted device would be: "The EUT is FULLY potted using a non-removable epoxy based material. Removal of potting material causes irreparable damage to internal circuitry. See photographs exhibits that outline the device before and after potting."
