Columbia, MD 21045

Subject: FCC: BV8BBPBM214

Harris Corporation seeks approval for a Class II Permissive Change to integrate a Harris LTE Module, FCC ID: BV8BBPBM214 into the Harris XL-200P portable radio, FCC ID: OWDTR-0145-E. The LTE modem and LTE tune up levels remain unchanged.

Technical details (test reports, operator's manual, schematic, block diagrams, internal/external photos, label photo, and operational descriptions) are included as exhibits, along with the Agent Authorization for PC Test Laboratories to act on Harris Corporation's behalf.

Thank you for your consideration and timely review of this product.

Sincerely,

A handwritten signature in black ink that reads "William H. Pertner".

William H. Pertner
Regulatory Manager
