McLean, VA 22101

Subject: FCC ID: BV8CS803  
Class II Permissive Change

M/A-COM seeks Grant of Equipment Authorization for a Class II Permissive Change as it pertains to an addition of an emission designator. Conducted power remains the same. No hardware has been changed or deleted. Radio firmware has been enhanced with an improved deviation value which provides an improved signal and new emission designator.

Exhibits submitted include test report, and agent authorization letter for Rhein Tech Laboratories, Inc. to act on M/A-COM's behalf for this change filing. No confidentiality is requested for the exhibit filing.

Thank you for your kind consideration and timely review of this application.

Sincerely,

A handwritten signature in black ink that reads "Daryl S. Popowitch".

Daryl Popowitch
