RE: FCC ID: BV8CS803

Attention: Bryan McWatters

I have a few comments on this Application.

1. Please note that on page 10 of the report in section 6.1 you state that you used a double-ridged horn antenna then you state you adjusted by 2.14 for a dipole. Please explain.
2. Please note that on page 10 of the report in section 6.1 you state a distance correction factor of 20dB. Please note the limits are for 3 meters. Shouldn't this be 10dB from 10 meter to 3 meters? Please explain.
3. Your 731 states TNB as the equipment code then just above this designation you state "Held to face". Please correct the 731.

A handwritten signature in black ink that reads "Dennis Ward". The signature is fluid and cursive, with "Dennis" on the top line and "Ward" on the bottom line.

Dennis Ward
