Re: FCC ID: BV8MBS700A100

Applicant: M/A Com Inc
Correspondence Number: 13124
731 Confirmation Number: TC827699
Date of Original E-Mail: 07/28/2004

Subject: audit

TCB to address:

Grant notes/filing does not seem consistent with TCB training notes, e.g., May03 - please explain and/or revise:

"Example grant comments and conditions

- when site licensing is not required
- - device must operate with the specific antennas and installation requirements described in this filing
- - identify the device is approved for outdoor use only
- - antennas used for this device must be installed to provide ## meters from all persons and the antenna gain must not exceed ## dBi
- - device operates with outdoor antenna(s) for uplink and indoor antenna(s) for downlink frequencies
- - this device, including its antenna(s), must be professionally installed as specified in this filing for meeting RF exposure compliance requirements
- - device must operate with a maximum duty factor not exceeding ## % to satisfy RF exposure compliance requirements
- - the RF exposure label described in this filing must be displayed on all antenna(s) operating with this device
- - this device has not been tested and is not approved for use in co-location with other transmitters
- - device must operate in the transmitter co-location configurations identified in this filing
- - site dependent co-location configurations must be handled in accordance with 1.1307(b)3

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal pursuant to Section 2.917(c).
