

## **BV8P801T RF Exposure Notes:**

All external attributes of the BV8P801T (case, antennas, accessories, and output power) are identical to the BV8P-801T (Grant Date 1/5/01, amended 2/9/01). Only internal details (circuit board layout and assembly) are different, as reflected in the accompanying files **SAR Fig 2 Update A.pdf** and **SAR Fig 2 Update B.pdf**. Therefore, the October 24, 2000 Final Technical Report on SAR Compliance testing on the P-801T Portable Push-to-Talk Radio prepared by Dr. Om P. Gandhi is provided, with the previously noted updates, in this submission in accord with the requirements of CFR 47 Section 2.1093.
