Gothenburg, 4th of March 2015

MODEL DIFFERENCE LETTER, FCC ID: BXZIPBS2R2A

This letter is to explain the differences between the different variants of Ascom IPBS2 Base Station with the following model numbers:

IPBS2-A3A

IPBS2-B3A

IPBS2-C3A

IPBS2-D3A

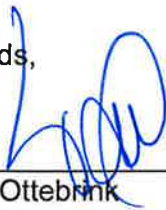

IPBS2-Z3A

All IPBS2 base stations will use the same PCB and all other electrical components. All plastic parts are the same between the versions. The only difference between the models are the branding.

For Brand:

- The branding plate is different (plastic marking).
- The logo is different (at label and in SW)

Regards,

Tania Ottebrink
Regulatory Manager
