Ascom (Sweden) AB  
FCCID:BXZSH2D  
FCC Part 15 Certification

This letter serves as an official request for confidentiality under FCC Rule Section 0.459. We have requested that the following documents required to be submitted with this application be withheld from public review:

- Operational Description
- Block Diagram
- Schematics
- Parts Lists
- Tune Up Information
- HW Design Description

These documents contain detailed system and equipment description and related information about the product which Ascom (Sweden) AB considers being proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, Ascom (Sweden) AB considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

If you have any questions, please feel free to contact me at the address shown below.

Sincerely,
