Subject: SEA Inc. of Delaware application for transmitter type acceptance (certification)  
modification for model ESP1100T 100W transmitter, FCC ID: BZ6ESP1100

Dear Sir or Madam,

Enclosed is a certification modification submission for the SEA ESP1100T 100W transmitter (FCC ID: BZ6ESP1100). In addition to the electronic form 731, the fee and voucher (sent separately), and this letter the following file attachments are included:

FILE	DESCRIPTION
1100mod_statement.pdf	Signed statement of test supervisor
1100mod_testrpt.pdf	Test report containing general information, technical description of the equipment and a description of the procedures, setups, requirements, and results of all required technical tests.
1100mod_exhibit3.pdf	ID label location and photographs
1100mod_exhibit6.pdf	Results of RF Power Output tests
1100mod_exhibit7a.pdf	Results of Modulation frequency response tests
1100mod_exhibit7b.pdf	Results of Modulation limiting tests
1100mod_exhibit8.pdf	Results of Occupied Bandwidth Tests
1100mod_exhibit12.pdf	Users Manual, schematics, parts lists and tune up information
1100mod_exhibit13.pdf	RF Exposure Information

We appreciate your attention to this certification modification request. Should you require further information regarding this application, please contact me at 1-800-426-1330.

Sincerely,

Norman Shivley  
Manager, Land Mobile Engineering
