RE: CONFIDENTIALITY REQUEST FOR FOXPRO INFERNO REMOTE MODEL TX915  
FCC ID# C6M660 / IC ID# 8027A-660

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the schematics, bill of materials, block diagrams and theory of operation documentation required to be submitted with this application be **permanently** withheld from public review.

The above mentioned items are considered company proprietary information and contain information that must be withheld from competitors. None of these documents will be released outside of Foxpro Inc. for purposes other than compliance testing.

Please contact me if there is any information you may need.

Sincerely,

Signed

A handwritten signature in black ink, appearing to read "John Dillon". It is written in a cursive, flowing style.

Printed John Dillon

Title: President
