

INTERTEK TESTING SERVICES

Purpose of Application

The model CY-383(XXX) is the altering original certified model of CY-383(XXX) that a DSL filter is added; therefore, the purpose of this application is to report changes in the original certified product for production reason. The main modification is adding a DSL filter circuit on the base unit.

As the RF module, FHSS mechanism of the base unit, and handset remained unchanged, only the out of band emission results of base unit was included in this report.
