United States of America

Dear Daniel,

Subject: **TCB Services (Class 2 Permissive Change) – FCC ID: CASTMAD1C**

Enclosed are the hard copy documents required to initiate the process, copies have been posted to you.

- CSF-20-01 Certification Agreement
- Drug Abuse and Agent Agreement

Scope:

We wish to:

1. Add a new Emission Designator **4K10F1D** (12.5kHz) to the Grant of Authorisation for this transceiver, which will allow 4800 bps data to be transmitted using our C4FM data modulation scheme. Test Report 2567 is submitted as an exhibit for this. To allow this in practice, a TA2453-20 modem board is installed internally. (Photographs showing how this is achieved, and a draft copy of the install instruction are attached for clarification.)
2. Correct two existing FFSK Emission Designators on the Grant as they are incorrect.
 - 12.5kHz 4K80F2D becomes **6K60F2D**
 - 25.0kHz 8K40F2D becomes **9K60F2D**
3. Correct one existing Tait High Speed Data Emission Designator to bring it into line with other products using the same modulation scheme.
 - 25.0 kHz 12K6F1D becomes **12K7F1D**

A revised Test Report 2060 (Ver 2.0) showing full workings on page 6 and 7 is submitted as an exhibit for (2) & (3).

Our finance staff will fax a Purchase Order Number for this job, and your invoice will be paid by telegraphic transfer, and I will upload the files that will be required by the FCC, to you.

A handwritten signature in black ink, appearing to read 'Des Fox', with a stylized flourish at the end.

Des Fox
Compliance Co-Ordinator
