

To whom it may concern:

Here is the timing diagram for our CFS8DL5800SS1. This is the same timing as used in all of our 5800 door / window type transmitters. ( We normally only send you the duty cycle calculation. ) Please advise if you wish us to include this diagram in future submissions. I am also re-sending 5800SS1 , EXHIBIT 3-1 , the Duty Cycle Calculation.

Regards,

Greg Barbato for Ken Addy
