Dear Sir / Madam,

Re. : Confirmation letter of 200kHz bandwidth

The transmitter (AL82314 FM Wireless Microphone) mainly contains an oscillator circuit mainly include is the components of Q1, C3 etc. (See the circuit diagram)/ See resistance of R7, R8 a large value and Audio Amplifier Q2 is low gain. It made bandwidth must not be exceeded 200khz in "Loud voice". Moreover, this product cannot be tuned frequency by user.

Yours sincerely,

Cindy Law
Director
