

Enclosure A

Revision to Tune-up Procedure attachment to Application of  
Toshiba Corporation, Product Safety Group  
FCC ID: CJ6CET0200MT  
Form 731 Confirmation No. EA 953081  
Submitted November 15, 2001

Corrected and revised information to be included in this attachment:

“The production tune-up targets for this product are 22.9 dBm + 0.8 dB/ - 0.8 dB in PCS mode and of 23.2 dBm +0.8 dB/ - 0.8 dB in CDMA mode.”

In all other respects the information provided in this attachment is unchanged.
