Gentlemen:

I hereby certify that the Transceiver FCC ID: CJ6DCE44327A manufactured by TOSHIBA Corporation complies with all Requirements of OST Bulletin 53 as referenced in Section 22.933 of the FCC Rules and all technical/test data enclosed with this application are true and correct.

In accordance with 0.159 Of CFR 47, TOSHIBA Corporation hereby requests confidentiality of the Block Diagrams attachment, Circuit Diagrams attachments, technical Description attachments, Operational Description attachment, Parts/Tune-up Procedure attachment for the above-reference Certification application.

These items contain detailed system and equipment description and related information about the product which Toshiba Corp., considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, Toshiba Corp., also feels that this information would be of benefit to list competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

Yours faithfully,
