

TRANSMITTER TEST SET-UP (1)

This Test Set-up is for:

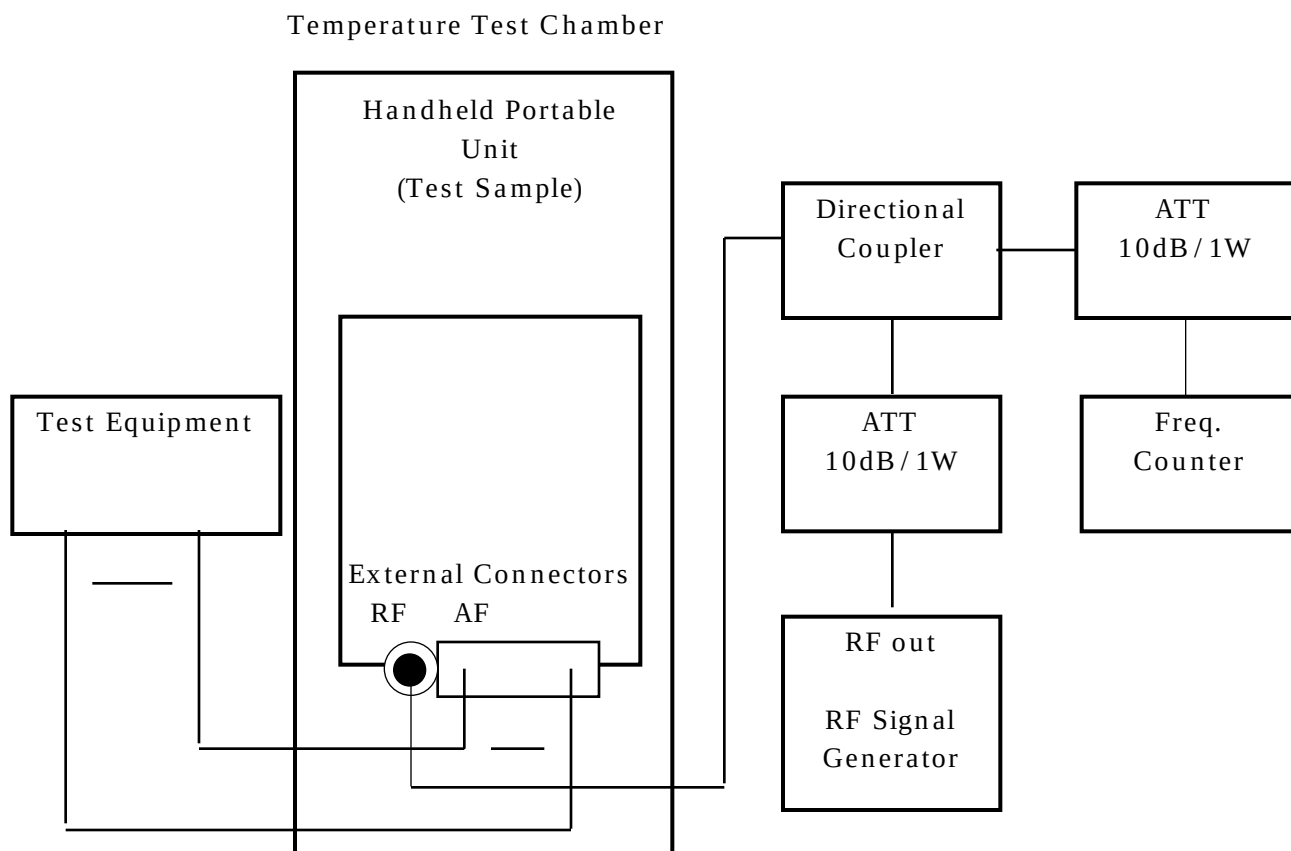

- A. Modulation Capability
- B. Audio Frequency Response
- C. Response of Low Pass Filter
- D. Modulation Limiting
- E. Occupied Band Width

TRANSMITTER TEST SET-UP (2)

This Test Set-up is for:

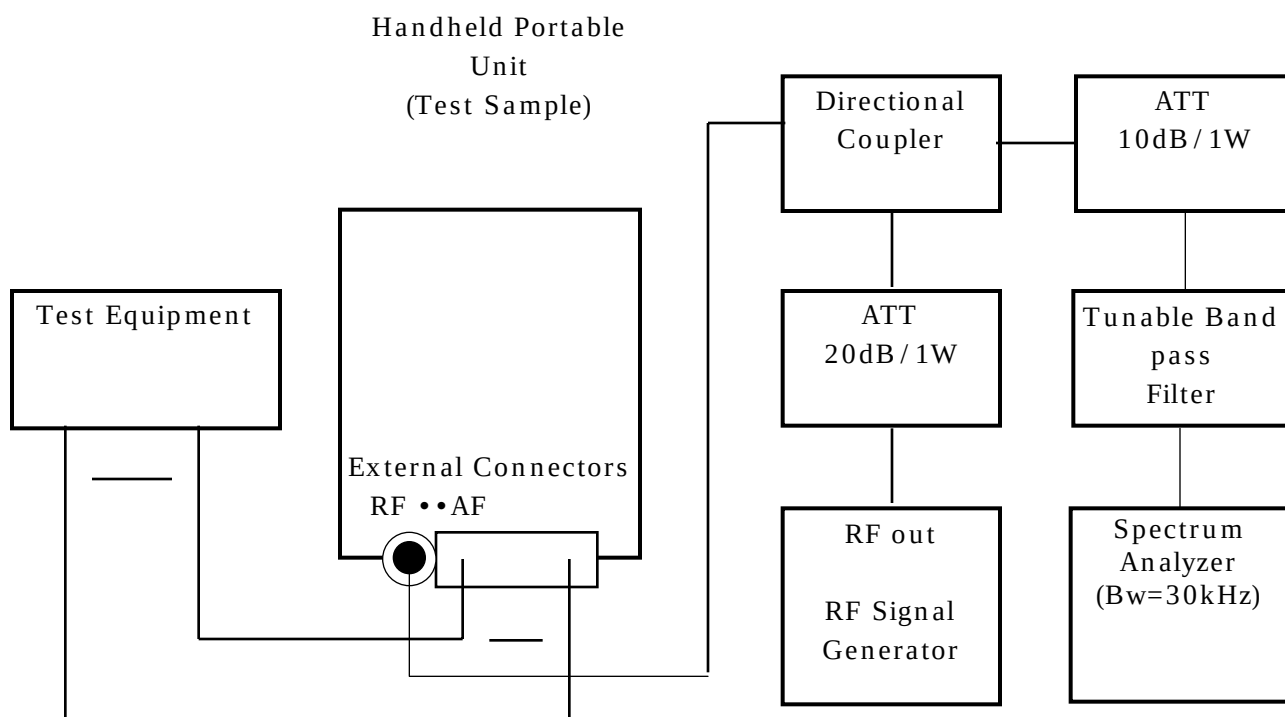

- A. Operational Stability
- B. Carrier Frequency Stability
- C. Operational Performance Stability
- D. Frequency Stability - Temperature Variation
- E. Frequency Stability - Voltage Variation

### TRANSMITTER TEST SET-UP (3)

This Test Set-up is for:

SPURIOUS EMISSIONS AT ANTENNA TERMINALS

# TRANSMITTER TEST SET-UP (4)

This Test Set-up is for:

Field strength of spurious radiation
