-Request To Defer the Grant Issued on 11/17/06

Dear Stanley;

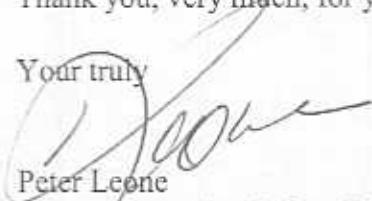

I thank you, again, for your great effort in issuing the grant.
Regrettably, however, I have been informed of a delay in the announcement of the subject device, due to a functional issue, which was unexpected.

As such, in order that the grant, and information related to same, do not continue to be available for public access prior to Toshiba's official announcement, we would greatly appreciate, and respectfully request deferment of the Grant as soon as possible to minimize public exposure.

If any further information is required, please do not hesitate to contact me.

Thank you, very much, for your understanding and for your anticipated action.

Your truly

Peter Leone
