Re: Technical Justification Letter Pertaining to FCCID:CJ6UPA3894WB, IC:248H-DPA3894W

OET Staff:

This is to justify 802.11b/g/n + BT2.1+EDR MISO combo card, Model Name: PA3894U-1MPC is installed in a different portable host, model number: NB500/505. There is no change on the module hardware and the antennas used in the portable host is the same antenna type as the previous with less gain by comparing to the certified antennas included in the original modular approval, and output power remains unchanged. Therefore EMC tests are not performed.
