

IMPORTANT PRODUCT + SAFETY INSTRUCTIONS

English

IMPORTANT PRODUCT AND SAFETY INSTRUCTIONS (ENGLISH)

Exercise caution when using your GoPro camera and Regulatory Model Number ACVT1 as part of your active lifestyle. Always be aware of your surroundings to avoid injury to yourself and others.

Observe the following precautions to avoid a battery explosion or fire:

- Do not drop, disassemble, open, crush, bend, deform, puncture, shred, microwave, incinerate, paint or in any other way alter the GoPro Regulatory Model Number ACVT1.
- Do not insert any foreign objects not intended for use with Regulatory Model Number ACVT1 into any openings, such as the USB port.
- Do not use the Regulatory Model Number ACVT1 if it has been damaged—for example, if cracked, punctured or harmed by water. Disassembling or puncturing the battery (whether integrated or removable) can cause an explosion or fire.
- Do not dry the Regulatory Model Number ACVT1 with an external heat source such as a microwave oven or hair dryer.
- In the event of a battery leaking, do not allow the liquid to come in contact with the skin or eyes. If contact has been made, wash the affected area with copious amounts of water and seek medical advice.
- The Regulatory Model Number ACVT1 battery was not designed to be removed. If the battery is separated from Regulatory Model Number ACVT1, be sure it does not come in contact with metal objects such as coins, keys or necklaces. If the battery terminals come in contact with metal objects, this may cause a fire.
- The Regulatory Model Number ACVT1 battery is not serviceable.

When charging the Regulatory Model Number ACVT1, do not handle the plug or charger with wet hands. Failure to observe this precaution could result in electric shock.

Using a wall charger other than a GoPro Supercharger can damage the GoPro product and could result in fire or leakage. Only use chargers marked: Output **5Vdc 3A**. If you do not know the voltage and current of your charger, use the included USB cable to charge your Regulatory Model Number ACVT1 from your computer.

If using your camera with a GoPro helmet mount, always select a helmet that meets the applicable safety standard. Choose the right helmet for your particular sport or activity and make sure that it is the right fit and size for you. Inspect your helmet to ensure that it is in good condition and follow the helmet manufacturer's instructions on safe helmet use. Any helmet that has sustained a major impact should be replaced. No helmet can protect against injury in every accident.

Use caution when using Volta (ACVT1) during any and all activities involving movement to ensure that the cable does not catch, snag, or become tangled with or on other objects.

CAUTION: When using GoPro products near another device, read that device's user guide for any safety instructions. To limit potential interference with digital transceivers such as avalanche beacons, consult with the transceiver's user manual regarding the use of other GPS or electronic devices, such as the GoPro camera, when engaged in the avalanche beacon search mode. Power your camera off whenever it is forbidden to use it or when it may cause interference.

NOTICES: Avoid exposing your GoPro Regulatory Model Number ACVT1 to very cold or very hot temperatures. Low or high temperature conditions may temporarily shorten the battery life or cause the Regulatory Model Number ACVT1 to temporarily stop working properly. Avoid dramatic changes in temperature or humidity when using the Regulatory Model Number ACVT1, as condensation may form on or within the product.

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Clean only with a dry cloth.
6. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
7. Do not charge and or use near any heat sources such as radiators, heat registers, stoves, or other apparatus that produce heat.
8. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
9. Using attachments/accessories that are not specified by manufacturer may cause damage to your product and or result in fire.
10. Unplug this apparatus during lightning storms or when unused for long periods of time.
11. Refer all servicing GoPro. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Abide by all local laws when using your GoPro and related mounts and accessories, including all privacy laws, which may restrict recording in certain areas.

LIMITED LIFETIME WARRANTY:

GoPro warrants this product for its useful life (not to exceed two year for products with electrical or electronic components) against deficiencies in material and workmanship. This **LIMITED LIFETIME WARRANTY** does not cover products that are improperly used, abused, altered or repaired. Products found to be defective within the warranty period will be repaired or replaced at GoPro's discretion. GoPro reserves the right to make all determinations under this warranty. Products failing due to normal wear and tear, abuse or natural breakdown of materials over extended use and time may be repaired or replaced for a fee. For product support please visit gopro.com/help.

ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED TO THE DURATION OF THIS WARRANTY. GOPRO DISCLAIMS ALL OTHER EXPRESSED OR IMPLIED WARRANTIES OR CONDITIONS. TO THE EXTENT NOT PROHIBITED BY LAW, IN NO EVENT WILL GOPRO BE LIABLE FOR ANY LOSS OF REVENUE OR PROFIT, OR FOR ANY SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES, HOWEVER CAUSED, ARISING OUT OF OR RELATED TO THE USE OF OR INOPERABILITY OF THE PRODUCT, EVEN IF GOPRO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL GOPRO'S LIABILITY EXCEED THE AMOUNT PAID BY YOU FOR THE PRODUCT.

This Limited Lifetime Warranty gives you specific legal rights, and you also may have other rights that vary from state to state or country to country. Some places do not allow limitations on implied warranties or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

For Limited Lifetime Warranty evaluation please visit www.gopro.com/help for a return authorization before shipping your product to GoPro. For warranty evaluation, your product must be accompanied by an explanation and receipt. All shipping for warranty evaluation must be pre-paid and insured. GoPro cannot be liable for lost in-bound packages. Damage not covered under the Limited Lifetime Warranty may be repaired or replaced for a reasonable rate and a fee will be charged. Warranty void where prohibited.

European Union Consumers: GoPro grants for a period of two (2) years from the original date of purchase of the relevant GoPro product and free of charge a limited manufacturer's guarantee to the end customer. **This shall not limit any consumer rights which you have under consumer law; instead it grants you additional rights.** The guarantee is governed by the following terms and conditions. GoPro guarantees that for a period of two (2) years from the original date of purchase, your GoPro product will be free from defects in materials and workmanship under normal use and provided it has been used in accordance with the instructions in

the relevant GoPro user manual (gopro.com/help). In the event of a defect, please contact GoPro Customer Support (gopro.com/help) for assistance and be prepared to present the original purchase receipt. GoPro's sole obligation under this guarantee will be, at its option, to repair or replace the defective product. This guarantee does not apply to products damaged by misuse, accident, or normal wear and tear. This guarantee does also not apply to products damaged as a result of repair works not performed by GoPro or an authorized GoPro dealer. Due to possible user resealing error or disassembly, GoPro products used in combination with water-proof housings are not guaranteed against water leakage or other water damage including any damage resulting from it.

Australian Consumers: The benefits given by the GoPro limited warranty are in addition to other rights and remedies available to you. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and to compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the product repaired or replaced if it fails to be of acceptable quality and the failure does not amount to a major failure.

Open Source Software: Disclosures and disclaimers in connection with GoPro's incorporation of certain open-source software into its products can be found at gopro.com/help/open-source.

Disposal: Promptly dispose of used batteries in accordance with local regulations. Contact your local recycling center or national recycling organizations for more information on how to dispose of batteries.

The symbol means that according to local laws and regulations your product should be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities. Some collection points accept products for free. The separate collection and recycling of your product at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.

Hereby, GoPro, Inc. declares that the radio equipment type GoPro Volta (ACVT1) is in compliance with Directive 2014/53/EU and all other applicable EU directives. The full text of the EU declaration of conformity is available at the following internet address: gopro.com/help.

GoPro, Inc. 3025 Clearview Way, San Mateo, CA 94402, USA
GoPro GmbH, Floessergasse 2, 81369 München Deutschland

GoPro VOLTA (ACVT1) transmits at 2.400 GHz - 2.4835 GHz. The maximum power transmitted in this frequency band is EIRP 4.23 mW. GoPro VOLTA (ACVT1) Hardware Version: EVT; Software Version: AR.01.00.06.00. Country specific rules and regulations can prevent or limit the use of some or all of the listed frequency bands and power level.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The provided shielded USB cable must be used with this unit to ensure compliance with the class B FCC limits.

Canada

IC Regulations: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: 1. This device may not cause interference. 2. This device must accept any interference, including interference that may cause undesired operation of the device.

This Class B digital apparatus complies with Canadian ICES-003.

The Country Code Selection feature is disabled for products marketed in the US/Canada.

Réglementations de l'IC : cet appareil contient un ou plusieurs émetteurs/récepteurs exempts de licence conformes aux normes CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. Son exploitation est soumise aux deux conditions suivantes : 1. Cet appareil ne doit pas produire d'interférences. 2. Cet appareil doit accepter toutes les interférences qu'il reçoit, y compris celles susceptibles de perturber son fonctionnement.

Cet appareil numérique de la classe B est conforme à la norme ICES-003 du Canada.

La fonction Sélection du code pays est désactivée pour les produits disponibles sur les marchés américain/canadien.

一般設備(低功率電波輻射性電機管理辦法第12、14條)

經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率，加大功率或變更原設計之特性及功能。

低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。

前項合法通信，指依電信法規定作業之無線電通信低功率射頻電機需忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

應避免影響附近雷達系統之操作
