

## Addendum: FCC/IC Testing General Product Information for FM T55 Transmitter – Optional FM T55D (Dante audio input)

The optional Model FM T55D appears nearly identical to the FM T55 in external views, with the exception of an additional rear port for the Dante audio input connection, shown in the red circle in photo below, and the FCC/ISED label on the bottom containing the indicated model option for that unit which is shown in the next photo.

Model Option: FM T55D, Back of unit, showing additional Dante Port.

Model Option: FM T55D: Bottom of unit showing FM T55D model option label.
