Re: Confidentiality request for:
GRINDDOCK and STIMULATOR
FCC ID CO5GRINDDOCK and FCC ID CO5STIMULATOR

To whom it may concern:

This letter serves as an official request for confidentiality under FCC Rule Section 0.459 of CFR 47.

We have requested that the following attachments: Schematics, Block diagrams, Operational descriptions and Parts lists required to be submitted with this application to be withheld from public review.

These documents contain detailed system and equipment description and related information about the product which Medotech A/S considers being proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, Medotech A/S considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

19/3-2012 Tommy Jacobsen
