BLUETOOTH® SPEAKER

User's Manual

Thank you for purchasing the Portable Wooden Stereo Speaker. In order to make the best use of this product and to use it safely, please read the instruction manual carefully and keep it for future reference.

Package Contents

1. Portable Bluetooth Speaker
2. USB Charging Cable
3. AUX Cable
5. Instruction Manual

Features

1. On/Off Power Switch.
2. Rechargeable Lithium Ion Battery
3. Perfect for use with Bluetooth-enabled devices or 3.5mm devices
4. AUX IN to connect to external audio devices (iPods®/iPhones®/iPads®/smartphones, etc.)

Charging the Unit

Place the supplied Rechargeable Lithium-Ion into the battery compartment located at the back panel of the speaker. Connect one end of the supplied USB cable to your computer or compatible USB home charger. Do not charge the unit for more than 5 hours as this will shorten the battery life.

DO NOT USE THE UNIT WHILE CHARGING.

You can use the unit without the battery in the battery compartment, as long as the unit is connected to a compatible USB power source.

Bluetooth Pairing

Turn the main power switch on the back of speaker to the "ON" position.
Turn on Bluetooth on your Bluetooth-enabled device.
Select "BT SPEAKER" on your pairing list.

Important safety information

1. Read all instructions before using this product.
2. Do not leave this product unattended while connected to the power supply.
3. Do not use if unit has been dropped or damaged in any way.
4. Repairs to electrical equipment should only be performed by qualified personnel.
Improper repairs may place user at serious risk.
5. Keep unit away from sources of heat.
6. Do not use this unit for anything other than its intended use.
7. Do not play music at excessive levels especially near children, as damage to hearing may occur.

Specifications

FCC Warning Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
