### FRONT

#### Battery Placement Instructions

1. Turn off iStrike Shuttle. Make sure charging cable is unplugged.

2. Open battery latch.

3. Slide battery out of battery box and disconnect it from battery cable by holding each red plug and carefully pulling them apart.

4. Connect new 3.7V, 500mAh rechargeable LiPo battery to battery cable by connecting red plugs correctly.

5. Slide battery into battery box and close latch.

#### ⚠ Battery Safety Precautions

The iStrike Shuttle is equipped with one LiPo rechargeable battery, please pay attention to the following cautions:

- Do not attempt to connect any other battery to the iStrike Shuttle than a genuine Dream Cheeky LiPo rechargeable battery.
- Be secure when placing the battery. If the battery is placed incorrectly, or with an incorrect type, there is a risk of explosion.
- Do not open the battery latch when the iStrike Shuttle is turned on, or when the charging cable is connected.
- Do not use force to connect the battery to the iStrike Shuttle.
- Do not touch the electrical wires directly when connecting or disconnecting the battery; only hold the red plugs and push or pull carefully, when the iStrike Shuttle is turned off.
- Do not expose the battery to fire, heat, or direct sunlight.
- Keep the battery away from flammable materials.
- Do not immerse the battery in water; keep it in a cold and dry environment.
- Do not strike or throw the battery against hard surface.
- Do not pierce the battery with a sharp object.

- Do not transport or store the battery together with metal objects, such as necklaces, keys, etc.
- Do not use or charge the battery if it looks inflated.
- Never charge the battery unattended.
- Do not disassemble, modify, or short circuit the battery.
- In the unlikely event of leakage or explosion, use sand or a chemical fire extinguisher to extinguish the battery.
- Keep battery out of reach of children.
- Dispose of the battery separately at your local waste recycling centre. Do not dispose of it in your household waste bin.

Power supply: ---

Battery rating: DC 3.7V, 500mAh

#### ⚠ FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**WARNING:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## DREAM CHEEKY<sup>TM</sup> iStrike Shuttle

NOT FOR PRINT le for iPod iPhone iPad Available on the App Store

### BACK

#### Set up & Charge

1. Go to [www.dreamcheeky.com](http://www.dreamcheeky.com) and click on "Download and Support".
2. Download the latest version of the Dream Cheeky iStrike Controller App.

**Note:** You need an iTunes account to download apps.

3. Follow the instructions in the App Store to set up your Controller.

4. For more details on how to use the iStrike Shuttle and its app, download and read the instruction manual from the "Download and Support" section on [www.dreamcheeky.com](http://www.dreamcheeky.com).

5. Charge the iStrike Shuttle by plugging the included 2.5mm jack to USB cable into the charging port of the iStrike Shuttle and into your power adapter. Make sure the power button is in the "Off (Charge)" position.

**Note:** Fully charge the iStrike Shuttle before first use.
