

**Product:** ZWIR4512AC1

**FCC-ID:** COR-ZWIR4512AC1

**Remarks:** Due to space constraints the module doesn't contain it's FCC-ID on the label. Instead the label contains a 2D-Barcode encoding the module's unique MAC address, the MAC address in textual form, the product code and the manufacturer. The module will always be integrated into an host device and will typically not be visible. The module provides electronic access to it's FCC ID

DataMatrix encoding EUI64
