Re: Request for confidentiality

Applicant: Orthosoft Inc. dba Zimmer CAS

FCC ID: CVOR20S20A, CVOR20S21A

To whom it may concern,

***Permanent Confidentiality***

Request is hereby submitted by Orthosoft Inc. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- **Schematics**
- **Detailed Block diagrams**
- **Detailed Operational/Functional Description**
- **Internal photos**  
Federal law restricts this device to sale by or on the order of a physician. It is not available to general public. It is only used by trained personnel in an operating room. After use, it is considered a biohazard waste.
- **User Manual**  
Device is only used by trained personnel in an operating room. The manual is only available to surgeons and medical personnel.

**Short-term Confidentiality**

Request is hereby submitted by Orthosoft Inc. to withhold from public review for a period of 45 days from the date of the Grant of Equipment Authorization and prior to marketing, certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept confidential for a period of 45 days from the date of Authorization:

- Test setup photos
- External photos

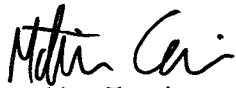

Rationale for request for confidentiality:

Orthosoft Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution

would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Mathieu Chevrier". The signature is fluid and cursive, with the first name "Mathieu" and last name "Chevrier" clearly distinguishable.
