Section 1. CHANGE IN IDENTIFICATION OF EQUIPMENT

The Comdial Corporation Model MCW-BASE4 Unlicensed Personal Communications Systems (UPCS) is an OEM for the previously certified CTP Systems Ltd. There are two different Model numbers for the Base Station, one for the four antenna unit (MN: MCW-BASE4) and one for the outdoor unit (MN: MCW-BASE4-OD), both units are covered under the same FCC ID number. The Comdial's UPCS base station is electrically the same as CTP's Model Mini Base. The only difference is the front covers labeling and the type identification labels; therefore, the base station meets all of the requirements of § 2.933(a) for change in identification without a change in design, circuitry or construction.
