

Fig.C-1 Photograph of the
TECOM Model T-2000A placed in
the holster. The metallic clip is on
the opposite side which ensures
that the antenna is angled away
from the body in the body-worn
configuration.

Fig.C-2 Photograph of the
TECOM Model T-2000A in the
holster from the metallic belt clip
side. The metallic belt clip is in
the raised area in the center of
the picture.
