Subject : Request for Class II Permissive Change
Product : Wireless LAN Module
Model : NJT-517
FCC ID : D7LNJT517
Original grant date : November 13, 2007
Applicant : Nagano Japan Radio Co., Ltd.

To Whom It May Concern:

This is to request a Class II permissive change for FCC ID: D7LNJT517, originally granted on November 13, 2007.

The major change field under this application is:

Change #1:

FCC ID: D7LNJT517 is originally granted as portable device with the particular host device. This time we performed additional SAR testing and would like to obtain FCC grant as portable device for additional host device.

Thank you for your attention to this matter.

Sincerely yours,

Toshiaki Hotta
Senior Manager
