RE: Lamson & Sessions

FCC ID: DE43100T

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) The cover letters provided state that no modifications were made, while the test report (section 3.1) shows that there were modifications. Please comment and correct the affected exhibit.
- 2) FYI, the harmonic at 2835 MHz falls in a restricted band. The incorrect limit was applied.

Timothy R. Johnson
Examining Engineer
