

### Drawing of Equipment ID Plate

<b>Model: AP 8406</b>	<b>FCC ID: DGV-PA8406</b>
<b>Serial Number:</b>	<input type="text"/>
<b>RF Concepts</b> <b>6185 Arapahoe Ave.</b> <b>Boulder, CO 80303 USA</b>	

Note: The above drawing is not to scale. It is shown in expanded view for clarification purposes only. The FCC ID number will be located on the outside rear panel of the Amplifier. The Proposed FCC ID is **DGV-PA8406**. The FCC ID will be printed in black block lettering on the gold-anodized chassis finish in a font size of eight-point (or greater).

Permanent label location will be on right side rear where temporary label is
