Re: FCC ID: DXXWT0707-00000

To Whom It May Concern:

The following application is submitted on behalf of our client, Datascope Corp., for evaluation of their models 0998-00-0707-01 and 0998-00-0707-02 for certification under FCC Part 15.247.

Both models are electrically identical in construction and design with the only difference in model designations being the -01 uses the US/domestic standards for ECG lead set color coordination, whereas the -02 follows an international (EU) recognition of the ECG lead set color combination for each of the leads.

The device was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kirby Munroe', with a long horizontal flourish extending to the right.
