SUBJECT: FCC Class II Permissive Change

Dear Sir/Madam,  
The product, Wireless Module, has been granted by FCC dated 08/12/2011, and FCC ID is DYD62230WL  
Now we, Wyse Technology Inc. would like to apply for Class II Permissive Change. There is no hardware or electrical modification made to the applying modular transmitter itself. We change the brand name, model number, added antenna and the host thin client terminal.  
The differences between original applications are like above description, the others are the same as original one.

Sincerely,

-----
